### 5 – 5 – 5 Assignment: Audacity of Hope and the Constitution

1. *Circle 5 words you do not know.* Look them up, and write a 1-2 word definition in the margin next to the word.
2. Obama mentions a number of interesting issues that involve the Constitution. Find one court case, right, law, or idea that interests you in this reading, and do some research on it. *Find 5 interesting facts you can present in class on that issue.*
3. Finally, *spend 5 minutes talking to an adult* about why the Constitution is important to them. Take notes on that conversation, and write the notes below. Pay attention to their answers, and don't be surprised if it means different things. (If you find that your conversation is not going anywhere, use some of the issues presented in the reading to move the conversation.)
